PaperPort® Professional 14

Scan, Share, Search, and Organize Documents on your PC

If you're looking to streamline paper-based processes, save time (and money), and improve access to critical information, PaperPort Professional 14 is the answer.

PaperPort Professional 14 is the most productive and cost-effective way for office workers or individual professionals to scan paper, create PDFs, organize, and find and all their important documents using a Windows computer.

Additionally, PaperPort 14 now delivers anytime-anywhere access to your most important files however it's convenient for you – using a PC, Mac, iPhone, iPad, or Android device.

See why millions of people – including lawyers, insurance and real estate agents, doctors, business professionals, and more – rely on PaperPort to eliminate paper and keep their documents and files organized.

Easily Find Recent Documents

PaperPort keeps you organized, even if you're not. Now you can go directly to the folder containing the file you're looking for – in one easy step. You don't have to remember the name or content of the document you need and you won't waste time opening too many folders in search of the right file.

Faster, Superior Scanning

With just one click of the mouse, you can scan and open documents directly in PaperPort. Improved scanner profiles let you create your own default names that are automatically applied when scanning – giving you more predictable results every single time.

PaperPort Anywhere: Welcome to the Cloud

PaperPort Anywhere® connects your PaperPort 14 desktop on the PC to the cloud, so you get automatic access to your most important folders, files, documents, and photos via any device, including Mac® or PC.*

Anytime-Anywhere on Mobile Devices

With free applications for today's most popular mobile devices, you can browse, search, view, download, and upload documents to PaperPort Anywhere using your iPhone®, iPad®, and Android™ devices.
